 - Two meeting have been held to date with City of Brentwood officials.

 - Individual opinions expressed to the Commissioners will be very important – all concerned residents of Willowick are encouraged to contact the Commissioners and express their opinions – Email addresses are listed below.
- The Board’s position is that it is opposed to commercial development of the property. It is currently zoned residential and the Board prefers it remain residential.
- Gary Moggio and Oriol Barenys have championed the efforts within the subdivision to stop the rezoning. Gary has almost single handedly championed a petition to stop the rezoning.
- It is most important that residents write the Brentwood Commissioners and express their opinions.
